TC.No.	Category	Priority	Test Description	Test Steps	Test Data	Expected Result	Actual Result	
TO 004	FINO	Τ		LOGIN PAGE	username: superadmin@123	3	One or French	
TC_001	FUNC		Verify that user is able to login superadmin page by giving valid username and valid password		password: super username: superadmin@123	redirected to superadmin home page	Same as Expected	
TC_002	FUNC	-	Verify that user is able to login superadmin page by giving invalid username and valid password	Enter invalid username and Enter valid password click on login button(superadmin	password: super username: superadmin@123	Invalid details	Same as Expected	
TC_003	FUNC		Verify that user is able to login superadmin page by giving valid username and invalid password	Enter valid username and Enter invalid password click on login button(superadmin	password: super username: superadmin@123	Invalid details	Same as Expected	
TC_004	FUNC		Verify that user is able to login superadmin page by giving invalid username and invalid password	Enter invalid username and Enter invalid password click on login button(superadm	password: super	Invalid details	Same as Expected	
TC_005	FUNC		Verify that user is able to login user page by giving valid username and valid password	Enter valid username and Enter valid password click on login button(user)	username: user@123 password: user	redirected to user home page	Same as Expected	
TC_006	FUNC		Verify that user is able to login user page by giving invalid username and valid password	Enter invalid username and Enter valid password click on login button(user)	username: user@123 password: user	Invalid details	Same as Expected	
TC_007	FUNC		Verify that user is able to login user page by giving valid username and invalid password	Enter valid username and Enter invalid password click on login button(user)	username: user@123 password: user	Invalid details	Same as Expected	
TC 008	FUNC		Verify that user is able to login user page by giving invalid username and invalid password	Enter invalid username and Enter invalid password click on login button(user)	username: user@123 password: user	Invalid details	Same as Expected	
TC 009	FUNC		Verify that user is able to login client-1page by giving valid username and valid password	Enter valid username and Enter valid password click on login button(client-1)	username: wipro@123 password: wipro	redirected to client home page	Same as Expected	
_					username: wipro@123			
TC_010	FUNC		Verify that user is able to login client-1page by giving invalid username and valid password	Enter invalid username and Enter valid password click on login button(client-1)	password: super username: wipro@123	Invalid details	Same as Expected	
TC_011	FUNC	-	Verify that user is able to login client-1page by giving valid username and invalid password	Enter valid username and Enter invalid password click on login button(client-1)	password: wipro username: wipro@123	Invalid details	Same as Expected	
TC_012	FUNC		Verify that user is able to login client-1page by giving invalid username and invalid password	Enter invalid username and Enter invalid password click on login button(client-1)	password: wipro	Invalid details	Same as Expected	
TC_013	FUNC		Verify that user is able to login client-2page by giving valid username and valid password	Enter valid username and Enter valid password click on login button(client-2)	username: infosys@123 password: infosys	redirected to client home page	Same as Expected	
TC 014	FUNC		Verify that user is able to login client-2page by giving invalid username and valid password	Enter invalid username and Enter valid password click on login button(client-2)	username: infosys@123 password: infosys	Invalid details	Same as Expected	
TC 015	FUNC			Enter valid username and Enter invalid password click on login button(client-2)	username: infosys@123 password: infosys	Invalid details	Same as Expected	
_			Verify that user is able to login client-2page by giving valid username and invalid password		username: infosys@123			
TC_016	FUNC	+	Verify that user is able to login client-2page by giving invalid username and invalid password	Enter invalid username and Enter invalid password click on login button(client-2)	password: infosys	Invalid details	Same as Expected	
TC 047				ER ADMIN PAGE		Unanama abauld be disale and an east	Come on Constant	
TC_017 TC 018	FUNC		Home page should display Username on the top right On click of Client form, page should redirect to SAdmin_ClientDetails.html	- Hit Client form option		Username should be displayed on right Page redirected to SAdmin ClientDetails.html	Same as Expected Same as Expected	
TC_019	FUNC		On click of Task Requirement form, page should redirect to taskcreation.html	Hit Task Requirement form option		Page redirected to taskcreation.html	Same as Expected	
TC_020	FUNC		On click of Report form, page should redirect to user_report.html	Hit report form option		Page redirected to reportform.html	Same as Expected	
TC_021	FUNC	-	On click of Client Details, page should redirect to SAdmin_ClientDetails.html	Hit client detailas option		Page redirected to SAdmin_ClientDetails.html	Same as Expected	
TC_022 TC 023	FUNC FUNC		On click of Task Details, page should redirect to SAdmin_Taskdata.html On click of Report Details, page should redirect to SAdmin_Reportdata.html	Hit task details option Hit report details option		Page redirected to SAdmin_Taskdata.html Page redirected to SAdmin_Reportdata.html	Same as Expected Same as Expected	
TC 024	FUNC		On click of Logout, page should redirect to login page	Hit Logout option		Page redirected to Spannin_Reportdata.html	Same as Expected	
				CLIENT FORM		15 7 5		
TC_025	UI		Client form should be visible at the CENTER			Displaying at the center	Same as Expected	
TC_026	FUNC FUNC		PASSWORD should not be visible on click LOGOUT button should redirect to login page	Enter the password Click logout button		password is in dots.  Displaying login page	Same as Expected Same as Expected	
TC_027 TC 028	FUNC	+	on click DATE OF JOIN the Calender should be displayed	Click date of join		displaying calender	Same as Expected	
TC_029	FUNC		on click CHOOSE IMAGE image should be choosen from the files	click choose image		file is choosened	Same as Expected	
TC_030	FUNC		on click SUBMIT button the data should be submitted	click on submit button		data is submitted	Same as Expected	
TC_031	FUNC		on click CLEAR BUTTON data should be cleared	click on clear button		data is cleared	Same as Expected	
TC_032	FUNC		on click BACK button should redirect to the system-admin home page	Click on Back button		Displaying system-admin home page	Same as Expected	
TC_033	uı	_	Client form should be visible at the CENTER	-		Displaying at the center	Same as Expected	
TC_034	FUNC		on click LOGOUT button should redirect to login page	Click logout button		Displaying login page	Same as Expected	
TC_035	FUNC		on click SUBMIT button the data should be submitted	click on submit button		data is submitted	Same as Expected	
TC_036	FUNC		on click CLEAR BUTTON data should be cleared	click on clear button		data is cleared	Same as Expected	
TC_037	FUNC	-	on giving input data to CAMPAIGN NAME only integer values and characters should be taken	give data to campaign name		integer and character value is taken		
TC_038 TC 039	FUNC FUNC	_	on click BACK button should redirect to the system-admin home page on click START DATE calander should be displayed	Click on Back button		Displaying system-admin home page	Same as Expected	
TC_039	FUNC		on click START DATE calander should be displayed on click END DATE calander should be displayed	click on start date		displaying calender displaying calender	Same as Expected Same as Expected	
TC_041	FUNC		on giving input data to PLANNED IMPRESSIONS only integer value should be taken	give data to planned impressions		only integer value is taken	Same as Expected	
TC_042	FUNC		on giving input data to PLANNED CLICKS only integer value should be taken	give data to planned clicks		only integer value is taken	Same as Expected	
TC_043	FUNC		on giving input data to COST PER MILLION IMPRESSIONS only integer value should be taken	give data to cost per million impressions		only integer value is taken	Same as Expected	
TC_044	FUNC		on giving input data to COST PER CLICK only integer value should be taken	give data to cost per click  EPORT FORM		only integer value is taken	Same as Expected	
TC_045	UI		Client form should be visible at the CENTER	LFORT FORM			Same as Expected	
TC_046	FUNC		on click LOGOUT button should redirect to login page	Click logout button		Displaying login page	Same as Expected	
TC_047	FUNC		on click SUBMIT button the data should be submitted	click on submit button		data is submitted	Same as Expected	
TC_048	FUNC		on click CLEAR BUTTON data should be cleared	click on clear button		data is cleared	Same as Expected	
TC_049	FUNC	1	on click BACK button should redirect to the system-admin home page	Click on Back button		Displaying system-admin home page	Same as Expected	
TC_050 TC 051	FUNC FUNC		on giving input data to NO OF CLICKS only integer value should be taken on giving input data to NO OF IMPRESSIONS only integer value should be taken	give data to no of clicks give data to no of impressions		only integer value is taken only integer value is taken	Same as Expected Same as Expected	
TC_052	FUNC		on click DATE calander should be displayed	click on date		displaying calender	Same as Expected	
				Task Detais				
							1	
TC_053	FUNC(Dropdown)		On Click of Show entries	Full Park Fort		Production of a Production	0	
TC_054	FUNC(Search)		On Search the Client Name in table the client name cloumn should be displayed the table	Enter valid client name		Display the client table	Same as Expected	
TC_054 TC_055	FUNC(Search) FUNC(Search)		On Search the Client Name in table the client name cloumn should be displayed the table On Search the Client Name in table the client name cloumn should be displayed the table	Enter invalid client name		not displaying the client table	Same as Expected	
TC_054 TC_055 TC_056 TC_057	FUNC(Search)		On Search the Client Name in table the client name cloumn should be displayed the table
